

We are hiring:

Production Operators

We will consider permanent, full-time employment / fixed term contracts and summer internships (age 18 and above)

VPK is an international packaging supplier with more than 6,200 employees in 65 locations across 20 countries. In the UK we have six specialist sites producing high quality sustainable packaging from shelf ready to e-commerce products for our customers. Our products are manufactured to order for many blue chip companies within the food and manufacturing sectors which makes VPK one of the packaging industry leaders. We have vacancies at our Wellington, Selby and Desborough sites.

Our employees' passion for the job is our company's biggest asset, because we believe that true innovation always starts from within. The development and welfare of our employees is key to the ongoing success of our business

Our UK sites have the most up to date “state of the art” production facilities which enable us to provide the high level of service expected from our customers. This, in conjunction with the extensive skills and experience within the business, ensure that VPK UK can continue to develop and grow year on year.
